## Independent auditor's report

To the Board of Managers of  
Elenia Investments S.à r.l.  
20, Boulevard Royal  
L-2449 Luxembourg

### Opinion

We have audited the financial statements of Elenia Investments S.à r.l. (the "Company"), which comprise the balance sheet as at 31 December 2023, and the profit and loss account for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31 December 2023, and of the results of its operations for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

### Basis for Opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (the "Law of 23 July 2016") and with International Standards on Auditing ("ISAs") as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" ("CSSF"). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "responsibilities of the réviseur d'entreprises agréé" for the audit of the financial statements" section of our report. We are also independent of the Company in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants ("IESBA Code") as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Responsibilities of the Board of Managers for the financial statements

The Board of Managers is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Managers determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Managers is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Managers either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

## **Responsibilities of the “réviseur d’entreprises agréé” for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the “réviseur d’entreprises agréé” that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Managers.
- Conclude on the appropriateness of Board of Managers’ use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the “réviseur d’entreprises agréé” to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the “réviseur d’entreprises agréé”. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## **2. Summary of significant accounting policies**

### **2.1. General principles**

The annual accounts are prepared in accordance with the Luxembourg legal and regulatory requirements under the historical cost convention and according to generally accepted accounting principles applicable to commercial companies in Luxembourg. The accounting policies and valuation principles are, apart from those enforced by the law of December 19, 2002, determined and implemented by the Company's Board of Managers ("Management").

The preparation of annual accounts requires the use of certain critical accounting estimates. It also requires Management to exercise its judgement in the process of applying the accounting policies. Changes in assumptions may have a significant impact on the annual accounts in the year in which the assumptions changed. Management believes that the underlying assumptions are appropriate and that the annual accounts therefore present the financial position and results fairly.

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities in the next financial year. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Management has formed the judgement that it is appropriate to prepare the annual accounts on a going concern basis.

## **2. Summary of significant accounting policies (cont.)**

### **2.2. Significant accounting policies**

The significant accounting policies of the Company can be summarised as follows:

#### **2.2.1. Formation expenses**

The formation expenses of the Company are directly charged to the profit and loss account of the year in which they are incurred.

#### **2.2.2. Financial assets**

Shares in affiliated undertakings are valued at their historical acquisition cost, including incidental costs of acquisition.

Amounts owed by affiliated undertakings are valued at their nominal value.

If Management determines that a durable impairment has occurred in the value of a financial asset, a value adjustment is made in order to reflect that loss. These value adjustments are not continued if the reasons for which they were made have ceased to apply.

#### **2.2.3. Debtors**

Debtors are recorded at their nominal value. A value adjustment is made when their recovery is partly or completely in doubt. These value adjustments are not continued if the reasons for which they were made have ceased to apply.

#### **2.2.4. Foreign currency translation**

The books of the Company are maintained in EUR.

All transactions expressed in another currency than EUR are translated to EUR at the exchange rate prevailing at the transaction date.

Financial assets expressed in a currency other than EUR are translated to EUR at the exchange rate prevailing at the transaction date. At the balance sheet date, these financial assets are maintained at their historical exchange rate.

Cash at bank and other cash equivalents are translated at the exchange rate prevailing at the balance sheet date. Exchange gains and losses resulting from this conversion are accounted for in the profit and loss account for the year.

Other assets and liabilities are valued individually at the lower or the higher, respectively, of their value at the historical exchange rate or at their value determined at the exchange rate prevailing at the balance sheet date. Only the unrealised exchange losses are accounted for in the profit and loss account. Realised exchange gains and losses are accounted for in the profit and loss account at the date of the realisation.

**2. Summary of significant accounting policies (cont. and end)**

**2.2.4. Foreign currency translation (cont. and end)**

In the case where there is an economic link between a current asset and a current liability, the respective asset and liability are translated in total and only the unrealised net exchange loss is accounted for in the profit and loss account.

**2.2.5. Creditors**

Creditors are recorded at their historical value. Any interest payable on loans is accounted for in the profit and loss account in the year in which it becomes payable.

**2.2.6. Other creditors - Tax authorities**

This item includes the tax liability estimated by the Company for the financial years for which the Company has not been assessed yet. The advance payments are disclosed in the assets of the balance sheet under "Other debtors".

**Elenia Investments S.à r.l.**
